

Dear ISH Families,

I am pleased to share that our library is hosting a **Book Fair** from May 29-June 1. The fair is sponsored by **local bookstore Heinrich Heine**. They have been in Hamburg since 1968 and we are happy to be working with them here at ISH!

This is an excellent opportunity to purchase English books for your family; these books would also be a great purchase for summer reading during the upcoming break.

How it works:

- Classes** will come shop the fair during their library time (their scheduled times are on the back)
- Parents may meet their child at the fair during their library shopping time
- Parents are also welcome to shop any day and time that the fair is open
- After classes visit during their designated time, students may come back to the fair during the school day, as long as they have money to purchase books (with teacher permission)
