#### **International School of Hamburg (ISH)**

ISH was Germany's very first international school and still remains Hamburg's only educational institution accredited by the Council of International Schools. For more than half a century it is dedicated to a full-day, English-language education of its students aimed at turning them into responsible citizens of the world who unfold their full potential. More than 750 young people from over 50 nations currently visit ISH. They are divided into the Early Childhood Centre (age 3 to 5), Junior School (grade 1 to 5) and Secondary School (grade 6 to 12). About 100 highly qualified teachers from all over the world support them on their way to the International Baccalaureate (IB Diploma), which enables them to enter leading national and international universities. Since ISH uses the globally standardized educational systems IPC and IB, its students are able to seamlessly resume their education at thousands of schools worldwide, if necessary.
